

MASUD RANA

Junior Web Developer | Software Engineer

Phone: +880 1521-255133 **Email:** tanzilmasud71@gmail.com

LinkedIn: linkedin.com/in/masud-rana-27bab8203 **Location:** Dhaka, Bangladesh

PROFESSIONAL SUMMARY

Detail-oriented Junior Web Developer and Software Engineer with a BSc in Computer Science and demonstrated experience across web quality assurance, frontend development, and technical operations. Proficient in HTML5, CSS3, Tailwind CSS, JavaScript, React.js, and Python (Pandas, NumPy). Adept at working in professional corporate environments, with a track record of contributing to government-sector web portals, ISP network administration, and manufacturing technology operations. Seeking a challenging role in the Bangladesh IT sector to apply technical skills and grow within a results-driven team.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), DOM Manipulation

Framework & Library: React.js, React Hooks, Component-Based Architecture

Data & Scripting: Python, Pandas, NumPy

Tools & Version Control: Git, GitHub, VS Code, Chrome DevTools, Postman

QA & Testing: Manual Testing, Test Case Writing, Bug Reporting, Regression Testing, UAT

Network & Systems: ISP Administration, Network Troubleshooting, DHCP/DNS Configuration

Office & Productivity: MS Word, MS Excel, MS PowerPoint

Languages: Bangla (Native), English (Professional), Hindi (Basic)

KEY PROJECTS

Personal Portfolio Website | *HTML5, CSS3, Tailwind CSS, JavaScript*

- Developed a fully responsive single-page portfolio using Tailwind CSS and CSS Grid with clean cross-browser compatibility across Chrome, Firefox, and Edge.
- Implemented smooth scroll navigation, animated section reveals, and a functional contact form, demonstrating practical UI/UX development skills.

React.js Task Management Application | *React.js, JavaScript, CSS3*

- Built a dynamic single-page task management app using React Hooks (useState, useEffect) with full CRUD operations and real-time DOM updates.
- Applied component-based architecture and conditional rendering to deliver a seamless, production-ready user experience.

Data Analysis with Python | *Python, Pandas, NumPy*

- Processed and cleaned structured datasets using Pandas DataFrames and NumPy operations to extract summaries and statistical insights.
- Generated tabular reports from raw CSV files, demonstrating practical data scripting skills relevant to backend data workflows.

PROFESSIONAL EXPERIENCE

Executive Engineer

February 2025 – Present

Irises Ink Pvt. Company Ltd., Dhaka (Chinese Manufacturing Company — Fabric Ink Production)

- Oversee technical operations and quality control processes within a Chinese-owned manufacturing facility specializing in fabric and textile ink production.
- Coordinate with engineering and production teams to monitor machinery performance, troubleshoot technical issues, and maintain production efficiency standards.
- Maintain technical documentation, daily production logs, and equipment maintenance records in compliance with company SOPs.
- Liaise between Chinese management and local operational staff, facilitating clear communication of technical requirements and operational targets.
- Support process improvement initiatives by analyzing production data and identifying areas for efficiency gains on the factory floor.

Quality Assurance Engineer

May 2023 – March 2024

Synesis IT Ltd. — DIP & eReturn Division, Dhaka

- Executed comprehensive manual test cases for government web portals (DIP and eReturn), covering functional, regression, and user acceptance testing (UAT) across multiple release cycles.
- Identified, documented, and tracked UI/UX defects and functional bugs, collaborating directly with developers to ensure timely resolution before deployment.
- Validated end-to-end web form workflows, data submission flows, and cross-browser compatibility, ensuring portal reliability for a large registered user base.
- Prepared detailed QA reports and test documentation, maintaining clear traceability between test cases and business requirements.
- Communicated technical issues and status updates to cross-functional stakeholders in both Bangla and English during agile sprint cycles.

Junior Network Administrator

March 2022 – December 2022

Discovery dot net — Internet Service Provider (ISP), Dhaka

- Administered day-to-day ISP network operations including bandwidth allocation, uptime monitoring, and connectivity management for residential and business subscribers.
- Configured and maintained DHCP, DNS, and routing settings, troubleshooting network outages and service disruptions to minimize downtime.
- Handled client onboarding, network provisioning, and technical support for new subscribers, resolving connectivity issues via remote and on-site support.
- Maintained accurate network topology records, equipment inventory, and subscriber management databases to ensure operational continuity.

EDUCATION

Degree / Institution	Result / GPA	Year
BSc in Computer Science & Engineering <i>Green University of Bangladesh, Dhaka</i>	3.04 / 4.00	2023
Higher Secondary Certificate (HSC) — Science <i>BAF Shaheen College, Dhaka</i>	GPA: 4.42 / 5.00	2018
